

Gravette Public Schools Transportation Snow Routes/Limited Bus Service

It will be the bus driver's discretion to determine which roads are not safe to travel. While it is not possible to predict with absolute certainty which roads will be unsafe, past experience has dictated certain roads that are not safe. Below is a list of these roads by Route number.

Students who are absent due to limited bus travel will receive an excused absence for each day missed.

If you believe that your road should be included in the "unsafe" category and it is not listed above as unsafe, please call Richard Carver, Transportation/Facilities Director, at 479-787-4104.
